Richmond
INTERIORS

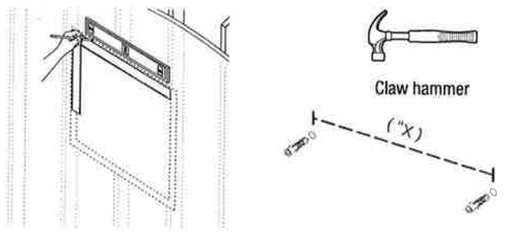

①

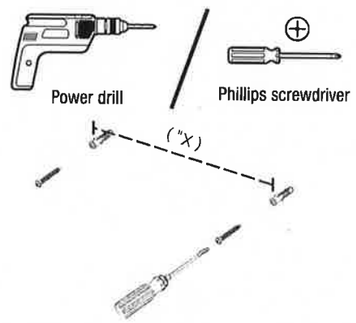

Step 1:
Please select the direction you want to hang and use a tape measure to measure the distance between the centers of the two hooks

②

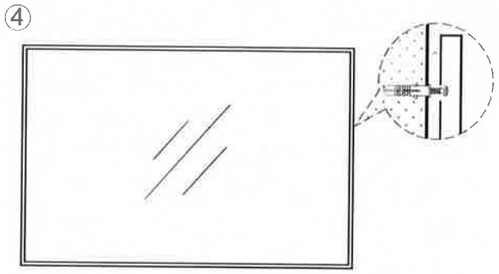

Step 2:
Mark and punch the holesaccording to the measured size, then tap the expansion scre ws into the holes

③

Step 3:
Then screw in the screws and leave a suitable depth to hang this mirror.

④

Step 4:Align the mirror's hook with the screw position and hang the mirroron the wall
