TRAVERTINE CERAMIC

Care & Maintenance Instructions

Clean spills immediately
Dab spills with a soft cloth to prevent spreading and potential staining.

Avoid harsh chemicals
Do not use acidic or abrasive cleaners like vinegar, lemon juice, or scrubbing sponges. Stick to mild, non-abrasive cleaning products.

Use soft materials
Clean with a soft microfiber cloth or sponge. For stubborn stains, use a damp cloth with mild soap.

Protect from heat and moisture
Use coasters or heat-resistant mats under hot items. Avoid placing wet or damp objects directly on ceramic surfaces.

Dust regularly
Wipe with a soft, lint-free cloth to prevent dust buildup and fine scratches.

Seal periodically
Ceramic surfaces come pre-sealed. Depending on use, resealing by a professional is recommended.

Prevent heavy impact
Ceramic can chip or crack. Avoid dropping or dragging heavy objects across the surface.

Indoor use only
This product is for indoor use. Outdoor exposure can cause damage.

Scratch sensitivity
Use placemats or tablecloths to protect against scratches. Avoid sharp or heavy items on the surface.

By following these simple steps, your travertine ceramic furniture will remain elegant and well-maintained for years to come.
