MARBLE

Care & Maintenance Instructions

Clean spills immediately
Marble is porous and can absorb liquids, leading to stains. Dab spills with a soft cloth to prevent spreading.

Avoid harsh chemicals
Do not use acidic or abrasive cleaners like vinegar, lemon juice, or scrubbing sponges. Stick to mild, non-abrasive products.

Use soft materials
Clean with a soft microfiber cloth or sponge. For stubborn stains, use a damp cloth with mild soap.

Protect from heat and moisture
Use coasters or heat-resistant mats under hot items. Avoid placing wet or damp objects directly on the marble.

Dust regularly
Wipe with a soft, lint-free cloth to prevent scratches from dust particles.

Seal periodically
Richmond Interiors marble tops come pre-sealed. Depending on use, resealing by a professional is recommended.

Prevent heavy impact
Marble can chip or crack. Avoid dropping or dragging heavy objects across the surface.

Indoor use only
This product is for indoor use. Outdoor exposure can cause damage.

Scratch sensitivity
Use placemats or tablecloths to protect against scratches. Avoid sharp or heavy items on the surface.

Natural variations
Spots or veins may naturally occur and are part of marble's unique character. These are not defects.

By following these simple steps, your marble will remain beautiful and well-maintained for years to come.
